Education

B.Tech in Information Technology (AKTU) <i>ABES Engineering College</i>	Oct 2023 – July 2027 <i>CGPA – 8.1</i>
Class 12th (CBSE Board) <i>St. Joseph's School</i>	2022 <i>75.8%</i>
Class 10th (CBSE Board) <i>St. Joseph's School</i>	2020 <i>86%</i>

Technical Skills

Developer Tools: Git, GitHub, IntelliJ IDEA, Postman, VS Code

Programming Languages: Java, Python, JavaScript

Backend: Node.js, Express.js, REST APIs, Authentication (JWT)

Frontend: React.js, HTML5, CSS3

Databases: MySQL, MongoDB

Skills: OOP, DSA, System Design

Experience

Student Developer <i>Ghaziabad, Uttar Pradesh</i>	Oct 2023 – Present
- Developed full-stack applications using MERN. - Reduced backend API response time by 30% through database optimization. - Implemented JWT authentication, REST APIs	

Projects

Job Portal Web Application React.js, MongoDB, REST APIs	2025
- Developed a job portal with login/signup, job posting & applicant management. - Added admin panel, resume upload & job filtering/search features.	
E-Commerce Web Application React.js, MongoDB, REST APIs	2024
- Developed product catalog, user login, cart & checkout modules. - Built secure authentication and optimized REST APIs.	

Achievements

- Improved backend query performance by 40%.
- Enhanced project delivery speed by 25%.

Extracurricular

- Participated in hackathons, coding contests & engineering workshops.
- Active contributor to college technical clubs & open-source initiatives.
